Die bul het goeie lengte en 'n goeie toplyn. Kyk net na sy breedte. Sy vader was die Senior Kampioen tydens die 2017 Nasionale Kampioenskappe en die beste swart bul wat ons nog geteel het. Hierdie is seker die hardste bul wat ons aanbied vandag.

A medium frame bull with a good topline that carries a lot of meat. At the judges' seminar in 2017 he was everybody's favourite. He is out of the well-known Sussie line on dam's side with very good fertility. With a birth mass of 33kg, he is suitable to use on heifers.

You must have noticed this bull before the sale. Sniper is a bull with a lot of width throughout; just look at the way he stands on all four legs. Also a very good hindquarter on him. He was the Reserve Bullcalf champion at Sandringham 2017 and Reserve Junior champion at Vryburg 2018. To top it all off, his Brown Heritage dam is one of our very best cows.

Double Up is baie korrekte kuddevaar met geweldige lengte en breedte regdeur. Sy ingevoerde pa, Brown Heritage, is in verskeie stoeterie gebruik met uitstekende resultate. Ek beskou sy ma, AC 12-782, as een van my beste jong koeie. Sy het 'n gemiddelde speenindeks van 117 oor haar eerste vier kalwers behaal en hulle gemiddelde speengewig was 285kg. Daar is ook reeds twee nasionale grootkampioene uit dieselfde koeilyn geteel. Double Up se eie prestasie is uitstekend; hy was dan ook op die 2018 Vryburg Skou 'n klaswenner. U sal oplet dat sy speengewig 316kg was en in sy fase D-groeitoets het hy 'n indeks van 136 behaal.

This Mission Statement son is probably one of the widest and thickest bulls that Loumotta has ever produced. At 22 months of age the head clamp was too small for him to pass through, we had to reverse him out! Die moeder van die vers is 'n halfsuster van Roechama Elegance; hy was vanjaar die Junior en Groot kampioen bul op Vryburg en Bloemfontein skou, asook die opvolger vir die Goue Beker by Bloemskou. Die vers het 'n baie goeie speenindeks van 106 en het daarna baie goed gegroei. Dit is 'n vers met 'n goeie toplyn, kop en bene.

This heifer has lots of depth and good width. She is a daughter of last year's highest priced bull at this sale RCM 1466, which Danie Laubser of Porterville bought. We have 2 other half sisters on the sale as well, they sell as lot 49 and 55.

Sonja 4 is seker die eerste Calidad-vers wat ooit in Suid-Afrika verkoop word. Sy kom uit die baie bekende Sonja-koeilyn wat verantwoordelik was vir soveel SA kampioene vir Vansia en Anvos. Sy is een van 'n tweeling wat besondere vroulikheid, diepte en 'n ongelooflike toplyn het.

A daughter of Calidad, who travelled as an embryo from Argentina to Canada. After his birth in Canada, Calidad's semen was exported to South Africa and we are truly happy with his offspring. The Lassy line has produced awesome stud sires, like Loumotta TJ. This awesome heifer will carry forth the Lassy legacy.

U sal opmerk dat Loumotta Mojo en Loumotta Shotgun uit dieselfde ma kom, AC 06-178 - in ons kudde die nommer 1 ouer koei! Gazella 9 is dus 'n lyngeteelde vers met Gazella aan beide kante - 'n lyn wat na ons mening een van die beste rooi koeilyne in die land is. Dié vers het nie net die agtergrond nie, bestudeer haar mooi: die beste lang, vroulike nek en skoueraanhegting van al ons verse; breed van agter, met uitsonderlike wigvorm.
